The Honorable Christopher Wray
Director
Federal Bureau of Investigation
935 Pennsylvania Avenue NW
Washington, D.C. 20535

Dear Director Wray,

As our nation faces a growing security threat from the Chinese Communist Party's (CCP) attempts to infiltrate and undermine the United States Government, we write to request a full briefing regarding counterintelligence threats to Members of Congress, including information related to Representative Eric Swalwell's ties to a suspected Chinese intelligence operative. As you are aware, public reporting indicates that between 2011 and 2015, Rep. Swalwell was among a group of Members who were targeted by Christine Fang, an individual now reasonably suspected to be an intelligence operative for the Chinese government¹. In light of Fang's infiltration of Rep. Swalwell's inner circle, we believe Members of Congress must know the full extent of the CCP's efforts to target Members of Congress.

This potential breach of our national security is especially concerning due to Rep. Swalwell's position as a member of the House Committee on Homeland Security, where Members have access to our nation's most sensitive classified information. This includes information classified as Top Secret, which by its very nature "could reasonably be expected to cause *exceptionally grave* damage to the national security" if subject to unauthorized disclosure.

Members of Congress must understand the threats we now face and the extent of damage already done. In fact, the Federal Bureau of Investigation's (FBI) December 18, 2020, classified briefing for Speaker Pelosi and Republican Leader McCarthy only raised additional questions, including how Rep. Swalwell could be re-appointed to the Committee on Homeland Security one month after this briefing. At this time, no information or justification for this assignment has been provided to the Committee on Homeland Security. Such a briefing is necessary, because each Committee is responsible for protecting the classified information in its care.

As you have previously stated, the CCP "is engaged in a highly sophisticated malign foreign influence campaign, and its methods include bribery, blackmail, and covert deals". We cannot overlook the CCP's successful attempts to gain access and influence within federal, state, and local governments. Given these injurious efforts to target a Member of the Committee, it is

imperative that the House Committee on Homeland Security receive a classified briefed detailing Rep. Swalwell's relationship with Fang and any potential exposure of classified information. We must ensure the Committee can safeguard Top Secret information and make an informed decision regarding Rep. Swalwell's future access to classified information. Thank you for your prompt attention to this important request.
